PACIFIC DATA SYSTEMS, INC. ) PDS Docket 11-01  
REQUEST FOR RULEMAKING RE: PUC )  
ADMINISTRATIVE ASSESSMENT FOR )  
TELECOMMUNICATIONS COMPANIES )  
\_\_\_\_\_ )

**REQUEST FOR PUBLIC COMMENT**

Pacific Data Systems, Inc. [PDS] has requested that the Guam Public Utilities Commission [PUC] amend the methodology by which it assesses administrative fees against telecommunications companies. On November 15, 2010, PDS filed comments with the PUC indicating various requested changes.

On July 27, 2005, in Docket 05-01, the PUC adopted RULES GOVERNING REGULATORY FEES FOR TELECOMMUNICATIONS COMPANIES. Said RULES provide procedures and allocation formulas pursuant to which PUC's annual administrative expenses are assessed against telecommunications companies which are under PUC regulatory oversight supervision. When warranted, the Commission may amend its rules pursuant to its rulemaking authority under Section 12104 of the Guam Telecommunications Act of 2004 [P.L. 27-110].

The PUC hereby requests that any interested party, telecommunications company, or member of the public comment: (1) upon changes and revisions suggested by PDS to the current method of assessment of administrative expenses by the PUC; and (2) concerning any aspect of the present system for assessment of administrative expenses or the improvement thereof pursuant to Rule 2 of the RULES GOVERNING REGULATORY FEES FOR TELECOMMUNICATIONS COMPANIES.

PDS' suggested revisions, and the current RULES GOVERNING REGULATORY FEES FOR TELECOMMUNICATIONS COMPANIES, are available for public inspection at PUC's office at Suite 207, GCIC Building, Hagatna. The PUC solicits written comments concerning the RULES GOVERNING REGULATORY FEES FOR TELECOMMUNICATIONS COMPANIES on or before August 26, 2011. The PUC will consider any proposed changes to its assessment procedures and the applicable RULES at its regular meeting to be held on September 19, 2011.

Any questions regarding the materials on file with the Commission or the comments requested should be directed to PUC's Administrator Ms. Palomo at 472-1907.
