NOTICE IS HEREBY GIVEN that the Guam Public Utilities Commission (the "PUC") shall conduct public hearings related to the November 16, 2016 Five Year Tariff Petition, filed by the Port Authority of Guam ("PAG").

The purpose of the public hearings will be to receive public comment and testimony regarding PAG's request for a five year rate increase of 7% for the first and second years, and a 1% increase for the third through fifth years to its Tariff service rates. The rate increase is intended to generate sufficient revenues for PAG's operating costs, debt service, and capital programs for modernization and sustainability.

A copy of the proposed rate increases and adjustments may also be viewed at PAG's website, http://www.portguam.com.

The PUC will conduct a public hearing on April 5, 2017, 6:00 p.m., at Suite 202, GCIC Building, 414 West Soledad Avenue, Hagåtña, Guam. No rate increase shall become effective unless approved by the PUC.
