 GTA TELECOM LLC, GENERAL)
 EXCHANGE TARIFF NO. 1, TARIFF)
 TRANSMITTAL NO. 16)

PUBLIC NOTICE

On February 23, 2011, GTA TELECOM LLC [GTA] filed notice with the Guam Public Utilities Commission [PUC] under 12 GCA §12106 of its intent to implement a new tariff under GTA General Exchange Tariff No. 1 for a promotional offering for customers who subscribe to Spyder Broadband Services without voice services [Tariff Transmittal No. 16]. Under the promotional tariff, such customers will have access to 911 services and to GTA for service (repair) issues.

GTA also proposes to introduce a promotional discount off Service Ordering Charges when the subscriber requests a change in location of his primary voice service. During the promotional period all applicable nonrecurring rates will be charged and the promotional monthly rate will be \$1.00 per line. PUC will examine the tariff and will welcome public comments regarding whether the tariff should be suspended in whole or part pursuant to 12 GCA §12016[e] pending an investigation concerning the lawfulness thereof.

GTA's Promotional Tariff is available for public inspection at PUC's office at Suite 207 GCIC Building, Hagatna and on PUC's website at guampuc.com. Public Comments regarding the tariff should be filed with PUC on or before March 17, 2011. A Public Hearing will be conducted on this tariff on March 21, 2011, at Suite A9 (Arcade) GCIC Building, Hagatna, at 6:00 p.m., at which time members of the public or interested parties will be provided with an opportunity to comment on the tariff.

Questions regard this notice may be referred to PUC's administrator Ms. Lou Palomo at 472-1907.
