16  
17 The Guam Power Authority hereby submits its LEAC update report in accordance with  
18 paragraph 5 of the ordering provisions of the Guam Public Utilities Commission's Order of  
19 January 25, 2024, in this matter, which requires GPA to "file updates with the PUC on actual  
20 costs to date versus the cost estimates included in its Petition [of December 6, 2023,] in this  
21 docket for each of six months for the period from February through July 2024 as soon as such  
22 actual costs become available." GPA represents that, as of April 30, 2024, the under-recovery  
23 fuel balance is \$27,894,288.89.
